DIAMOND NOTES

Jean Dubois is the leading pitcher of
the Detroit Tigers, having won 15 of
his first 20 games.

Cleto, the knuckle ball pitcher re-
leased by the Red Sox to the White
Sox, is twirling winning ball.

Birdie Cree is the only regular
among the New York Highlanders that
is hitting for .300 or better.

Twenty-eight players in the National
league and 22 in the American
league are batting in the .300 class.

A brother of Johnny Beers of the
Cubs is to receive a try-out from Man-
ager McGraw of the Giants, next
spring.

Manager Jimmy Callahan has added
two promising youngsters, Catcher
Ray Schalk and Pitcher Crabb, to his
white home outfit.

Derrill Pratt, the Southern league
recruit, is playing a sensational game,
both in the field and at bat, for the
St. Louis Browns.

The Cleveland Naps have been com-
ing along strong of late, and it's a
pretty safe bet that the Davis outfit
will finish in the first division.

Marty O'Toole was given a severe
drubbing by the Brooklyn Nationals.
Seven hits were made off his delivery
in one and two-thirds of an inning.

Bob Beeghly of the Cincinnati Reds
is the "speed king" of the National
league. Bob leads the organization,
both in run getting and base stealing.

tising columns of THE BULLETIN.

BRIGHTON B WINS FUTURITY TROT

Billy Andrews Drives Son of Brighton to Victory in \$6,000

Event—Anna Axme Takes Futurity Pace in Straight

Heats—Joe Patchen II an Easy Winner in 2.12 Pace.

Salem, N. H., Aug. 22.—John E. Mad-
den's entry, Brighton B, and Anna
Axme, owned by O. H. Sholes of Hol-
brook, were the winners respectively of
the trotting and pacing divisions of
the American Horse Breeder's Futur-
ity in the Grand Circuit racing at
Rockingham park today. Princess
Todd and Sox De Forest divided sec-
ond and third money in the trotting
division. On her long list of victories
last season, Princess Todd had been
picked as best in this event, worth
\$3,000, though it was known that her
trainer of last year, Billy Andrews,
who handed her up to Tommy Mur-
phy, for that he himself could drive
Brighton B. today.

In the first heat, Brighton B. and
Princess Todd were lapped just be-
fore reaching the quarter when the
filly made a break, losing a lot of
ground. This permitted the son of
Brighton to win handily. Murphy got
Princess Todd away to a flying start
in the second heat and raced into the
lead in the first turn. Brighton B.
was a length behind until he reached the
back stretch, when Andrews turned
him loose, and he rolled the filly at the
five-eighths, passed her in the lower
turn and won jogging.

Anna Axme was never molested in
capturing the pacing portion of the
Futurity, worth \$5,000. Murphy taking
the track with the filly at the word
and winning by the distance that
pleased him. Lucy Pope finished sec-
ond in the initial heat, but was placed
back by the judges for running.

The Mount Washington, 2.12 pace,
proved a veritable gift for Joe Patch-
en, the famous son of Joe Patchen,
owned by R. J. MacKenzie of Winni-
peg, Manitoba. In the second heat he
lowered the track record to 2:08 1-4.
Long Shot Cos. made whitening
drives with Mansfield through the
home stretch each heat, netting him
second money.

It was Governor's day at the park,
and Governor Bates and his staff were
in a grandstand box.

JOHNSON-JEANNETTE

BOUT CALLED OFF.

McMahon Brothers Take Action "For
Betterment of Sport."

New York, Aug. 22.—The Jack John-
son-Jeannette boxing match set for
Sept. 25 at the St. Nicholas A. C. was
declared off this afternoon "for the
betterment of the sport" by James
Edward McMahon, the promoters of
the bout. The McMahon brothers called
off the match after a long confer-
ence held closed doors with the state
athletic commission.

Commissioners O'Neil and Dixon de-
clared that there was a coercion
brought to bear by them to induce the
McMahon brothers to declare off the
proposed bout.

"The commission decided long ago,"
said O'Neil, "that Jack Johnson would
be permitted to fight here, that the
presence of Johnson in a ring contest
in this state would be inimical to the
best interests of boxing, the status of
which has greatly improved under the
Frawley law."

Chicago, Aug. 22.—"That does not
mean," said Jack Johnson tonight,
when informed that his contest with
Joe Jeannette, scheduled to be fought
in New York Sept. 25, had been called
off.

"That means that I won't fight
again. I simply wanted to fight Jean-
nette to show certain people that I
wasn't all in," as they claimed," as-
serted the champion.

CUBS GAIN ON GIANTS.

Chicago Team Now But Four Games
Behind Leaders.

Chicago, Aug. 22.—With its victory
over Boston today, while New York
lost and lost a game at Pittsburgh,
Chicago gained a half game on the
Giants in the race for the National

league pennant, and now only four
games separate the two clubs.

Figures on the race show that Chi-
cago will have a difficult task to de-
feat the Giants for the flag, as New
York is not only in the lead but has
most games to play. The Cubs have
41 games left on the schedule. This
includes one series with each club in
the league and a second series with
Boston, Brooklyn, Pittsburgh, Cincin-
nati and St. Louis. The Giants have
43 games left to play, including one
series with each club in the league
and a second series with Pittsburgh,
Cincinnati, Brooklyn, Boston and Phi-
ladelphia. The home team, however,
pinned games to play, while the Giants
have seven. If New York should lose
a total of 50 games, or 17 more, Chi-
cago would have to win 50 and could
lose only 11 of its remaining games to
get the pennant. The final standing
then would be: New York 104 games
won and 50 lost; Chicago 105 won and
49 lost.

FIFTH ROUND IN

SINGLES FINISHED

Eight Aspirants Still in Running for
Tennis Title.

Newport, R. I., Aug. 22.—Eight as-
pirants for the national lawn tennis
championship in singles were left in
the running when the fifth round of the
all-comers' tournament was finished
today. Four were from New York,
three from Philadelphia and one from
San Francisco. Some bets were made
tonight at 5 to 3 that Maurice E. Mc-
Laughlin, the Pacific coast representa-
tive, would win the championship
against the field. McLaughlin, who
will meet R. N. Williams of Philadelphia,
the clay court title holder, on the
championship court tomorrow. As the
last round of the doubles players at
Ray Ruliffe three weeks ago, went
through five sets before the Californi-
an won, the struggle is anticipated
with much interest.

The other three matches on the card
tomorrow are between W. J. Clothier
of Philadelphia and Raymond D. Little
of New York, G. M. Church of New
York and Karl H. Behr of New York,
and Wallace F. Johnson of Philadel-
phia and Watson M. Washburn of
New York.

David Bruce-Brown, twice winner of the American Grand Prize race, has challenged Hollo, the French driver who won the French Grand prize at Dieppe on June 25th and 26th, to meet him in his year's American Grand Prize race at Milwaukee.

Bruce-Brown won the first day's round of the French race and was leading on the second day when he ran short of gasoline and was disqualified for taking on a fresh supply at a spot not designated as an official supply station.

O. Gordon Reel, state superintendent of highways of New York, has notified the Touring Club of America that state road contractors have been instructed not to leave tarred stone road beds unprotected by a top dressing on the close of hours of work on Saturdays and the beginning of work on Mondays, a period during which motor traffic is generally the heaviest.

Many members of the Touring club and other motorists have complained of late that this practice among contractors has been the cause of breaking wind-shields, marring the finish of the cars, and in some cases injuring drivers and passengers. The certain stones, laid unprotected by top dressing, fly up as the tires pass over them, even when a car is moving slowly, and if a car is moving at 15 miles an hour or faster, there is a perfect shower of stones.

It is to be hoped that the highway authorities in other states will follow the example of Sup't. Reel of New York by issuing similar instructions to their contractors, as complaints have been made by motorists touring through other states besides New York.

A motor car journey across two continents and occupying almost a year was completed last week when Dr. Albert D. Bailey of Boston, arrived in San Francisco in his touring car. The doctor's wife and two daughters accompanied him on the entire trip, which averaged 6,000 miles.

A year ago Dr. Bailey shipped his car to Liverpool and after extensive touring in the British Isles went to France. After a long tour on the magnificent roads of France, he drove to Switzerland, and then leisurely continued his journey through Germany, Belgium and Holland.

Returning to New York from Hamburg on May 2, Dr. Bailey immediately started on the popular trans-continental route to San Francisco, taking in Albany, Buffalo, Chicago, Kansas City, Denver and Cheyenne.

Automatic trucks played an important part in the Connecticut manoeuvres, and their worth was clearly demonstrated to the army officers. The engagement between the Red and Blue armies did much to show the officers the advantages of the power wagon over the mule and horse drawn vehicle.

Their views are embodied in statements included in a report to Washington from officers who participated in the manoeuvres during the week.

Unique among the wagers that have been made involving automobile travel.

Washington, D. C., has added another motor-driven vehicle to its fleet of municipal machines. It is an ambulance, and is used by the emergency hospital. The machine is the gift of a Philadelphia woman who formerly lived in the national capital. The car is finished in black ship gray, with white grooved fenders and red upholstery, and has at the latest hospital equipment.

Lamp and windshield brackets, etc., which are destined to go in some dark color corresponding to that of the car body, should, in the absence of a baking oven, be touched with emery cloth and then given a good painting coat. Then in due course they should be brought up with color, then one coat varnish color, rubbed, and finished with a coat of hard drying varnish.

Hundreds of automobiles in New York, New England and New Jersey have been attracted to the executive military manoeuvres. Connecticut and the roads were filled with tourists on their way to the various camps.

One noticeable feature of the American league race is the fact that very few fans throughout the country would bequeath the Senators a pennant. Washington never has anything that resembled a championship, and the majority of the fans are pining for "Old Fox" Griffith's boys to win.

GOOD NEWS

Ladies Everywhere

TESTIMONIAL

"I had been a great sufferer for years before learning of Viburn-O-Gin. I had misplacement, fainting spells, constant headaches, and other female troubles, which made me feel very weak. I tried different doctors, but none gave me relief, so I took Viburn-O-Gin and it relieved me so much that I want you to spread the news of what it has done for me. It certainly will do as much for other sick women."

Thousands of ladies spread the good news among their neighbors and friends.

Others write letters for publication, that suffering sisters, unknown to them, may learn about it in the newspapers.

So the good work goes on.

Viburn-O-Gin is a purely vegetable compound, containing no harmful properties, is actively specific in its curative action on the womanly organs and functions.

To young and old it is highly recommended for the treatment of all forms of female troubles.
